WITH TIGHT SQUEEZE

Appropriation Bills May Be Pushed Through.

SPECTER OF EXTRA SESSION.

Dread of Being Convened During the Summer Months Is Said to Be the Potent Influence to Complete the Work.

Washington, Feb. 27.—The house will devote practically all of the closing week of the session to the appropriation bill and conference reports.

The prospects are that every minute of the time will be required to get them through before noon on March 4. An order has been made to meet at 11 o'clock each day, but in addition to this night sessions will be held, and it would surprise no one if one or more all-night sessions should be necessary. Everything else except the appropriation bills and the army reorganization bill will go by the boards in the final crush.

A few minor bills may go through by unanimous consent, but there is no longer any time for the consideration of important general measures. The bill for the government of Hawaii has been abandoned, and although the friends of the public building bills favorably acted upon in committee of the whole 10 days ago still cherish a lingering hope that time will be given for their consideration in the house, the chance is so insignificant that it is barely worth mentioning.

Hundreds of bills will die on the calendar. Although the fear of an extra session practically disappeared with the agreement in the senate upon the army reorganization bill, it will require the most arduous labor to get through the appropriation bills and conference reports before the curtain falls next Saturday.

The actual physical work of engrossing eight or 10 big appropriation bills during the last 40 hours will necessitate a large temporary addition to the engrossing force. The engrossment of bills is done at the government printing office when no special exigency exists, but by a special resolution passed Friday permission to engross by hand during the remainder of the session was given.

The state of the appropriation bills is such that the situation might well cause alarm were it not for the almost universal desire on both sides of the house to obviate the necessity of an extra session of congress. Only three of the 14 supply bills have gone to the president—the pension, military academy and consular and diplomatic. Six have passed both houses.

Five of these, the legislative, executive and judicial, the postoffice, the agricultural, District of Columbia and Indian, are in conference, where the representatives of the two houses are seeking to adjust the differences. The other, the river and harbor, has been referred to the river and harbor committee of the house. The sundry civil has passed the house and is under consideration in the senate. The naval bill has passed the house, but has not yet been reported to the senate.

The army bill is being considered in the house, and two of the bills, the fortifications and general deficiency, are yet to be acted upon by the house.

Most of the bills in conference have problems, which will be more or less difficult to solve, but none of these differences, vexatious and serious as they may be, promise a deadlock which might result in their failure, with the single exception of the river and harbor bill, and its loss would not necessitate an extra session. The fight over the Nicaragua canal amendment which the senate placed upon this bill as a rider will be bitter and to the death.

Outlook in Senate.

Washington, Feb. 27.—The week will open with the compromise army bill still before the senate, but it is impossible to say how long it may continue to demand the attention of that body. The best opinion is to the effect that a vote will be secured Monday, but this depends largely upon the temper of Mr. Gorman and his friends, who insist upon the amendment of the army bill so as to further curtail the size of the army in 1901. It is not, however, believed that they will press their opposition to the point of entering into an extended controversy over the merits of the measure, and the friends of the bill count confidently on a vote before adjournment Monday. Mr. Gorman disclaims any intention to force delay, but says he will press his amendment as long as there is any chance of success. If the debate should be continued to any considerable length the action would be generally accepted as indicating a purpose to force an extra session, as all admit that with as many appropriation bills as are pending, it is impracticable to

give very much more time to the army bill and still pass the supply bills before March 4.

NO COLLISION

Between Admiral Dewey and German Naval Commander.

Manilla, Feb. 27.—No such emergency exists here as is represented by reports circulated in the United States, and cabled back to Manilla, to the effect that Admiral Dewey has had a collision of a forcible character with the German naval commander.

Otis' Interpreter Talks.

Denver, Colo., Feb. 27.—E. V. Montalvo, who has been acting as Major General Otis' official interpreter at Manilla, has arrived in Denver, en route to his home in Cuba. "I enlisted in the Utah light battery at the outbreak of the war," said Senor Montalvo. "I became General Otis' interpreter last September, and remained in that position until I set out for this country on Jan. 13. Very few persons ever saw Aguinaldo. While performing official duties I met many of the most able and prominent Filipinos. Secretary of State Mabini is very bitter against the Spanish and Americans. He is for absolute independence, and has great influence with the people."

William's Congratulations.

Berlin, Feb. 27.—Emperor William's dispatch to the director of the Hamburg-American steamship line, congratulating the company on the happy issue of the Bulgaria's experience, says: "With deep gratitude to God, who has so marvelously saved the ship and crew, I express my warmest congratulations on the saving of the Bulgaria. Captain Schmidt, like a true German seaman and with a firm trust in God, victoriously carried on a life and death struggle for 24 days against the ocean, assisted by a crew, gallant and self-sacrificing and devoted to duty."

Blitz in the Pottery Trust.

East Liverpool, O., Feb. 27.—Western earthenware manufacturers have almost abandoned faith in the pottery trust project. The subscriptions of stock in the American Pottery company were announced to close in New York on Tuesday last. Since then not a word has been received from the New York people who undertook to float the stock. It is stated that of the \$27,000,000 stock only \$6,000,000 has been taken. The projectors announced last week that if the necessary stock to float the trust was not taken this week they would drop the deal.

Parallel to Luetger Case.

Chicago, Feb. 27.—A strange parallel to the Luetger murder mystery has been brought to light. Albert A. Becker, a sausage maker living in the stock yards district, was arrested on suspicion of having murdered his wife on Jan. 27, for the purpose of marrying a younger woman. Although the woman's body has not yet been discovered, the police are inclined to believe that she has been murdered. Becker makes conflicting statements, and blood spots have been found on the walls and floors of a barn in the rear of Becker's residence.

With Dead American Soldiers.

Washington, Feb. 27.—The funeral ship Roumania, which is engaged in the sacred mission of bringing home the remains of the brave soldiers who lost their lives in Porto Rico and Cuba, has completed its work so far as Porto Rico is concerned. The number of American dead on that island was comparatively small, and their disinterment and removal to the transport occupied only about a week's time. The Roumania has left Porto for Santiago, where the principal work of the expedition will be done.

Gorged With Ice.

Lancaster, Pa., Feb. 27.—Latest reports give no material change in the situation on the Susquehanna river. The big gorge at Turkey Hill is still intact, and the ice is packed solidly from there to the Columbia dam, a distance of six miles. There are two other gorges. The tracks of the Port Deposit railroad are buried deep beneath the snow and ice at many points. The river is 25 feet above the low water mark, but gradually falling. The situation is extremely serious.

May Be a General Strike.

Denver, Feb. 27.—The Painters' union has decided to strike March 1 for an increase of wages from \$2.50 per day of eight hours to \$3, which the master painters have refused to pay. The painters expect that the other unions of the Building Trades council will come to their assistance with sympathetic strikes.

Judge Day's New Job.

Washington, Feb. 27.—The president sent these nominations to the senate: William R. Day, of Ohio, to be United States circuit judge for the Sixth judicial circuit; Roger H. Murphy to be postmaster at Urbana. Also a number of promotions in the army of the United States.

SEARCH OF THE POLICE

For Proof of a Conspiracy Against Republic.

PRIVATE HOMES ENTERED.

Agents of the French Government Take Vigorous Action to Suppress Efforts of Those Suspected of Advocating a Monarchy.

Paris, Feb. 27.—In consequence of the placarding throughout the city of speeches of the Duc d'Orleans, the Orleanist pretender, recently delivered at San Remo and the seizure of scarf pins and medals bearing the pretender's portrait, the prefect of police was ordered by the government to make strict investigation into the recent proceedings of the Monarchist party.

The prefect communicated the result of his inquiries to M. Dupuy, premier and minister of the interior, with the result that the minister decided upon vigorous action.

At midnight M. Cochefort, chief of the secret police, was summoned to the prefecture and directed to prepare 17 confidential letters and 17 warrants, which were handed to the police commissaries, authorizing a search of the residences of suspects, and particularly M. Guerin, manager of the newspaper Anti-Juif; Messrs. De Vaux, Buffet, Robert De Chavilly, Thiebaud, De Montcourt, secretary to the Duc d'Orleans; Dubuc, president of the Young Anti-Semites and Comte Sabran de Ponteves.

The confidential letters indicated that the warrants aimed to discover the existence of any political action or the part of the Anti-Semitic league or its relations with the Royalist or Bonapartist committees or with other leagues. No incident occurred in the course of the domiciliary visits.

M. Buffet, who represents the Duc d'Orleans, vigorously protested against the violation of his domicile and declared that the Royalist party would always conspire, even if threatened with imprisonment. Many documents were seized at M. Buffet's residence.

Quantities of propagandist pamphlets and portraits of the Duc d'Orleans, a list of members of the Royalist committee and voluminous correspondence were seized at the headquarters of the Royalist committee in the Faubourg St. Honore and at the residence of Comte Sabran de Ponteves.

The commissary who visited M. De Conicourt surprised him just as he had returned from Brussels with letters from the Duc d'Orleans addressed to Royalist personages, and instructions from the pretender to his supporters. All these were seized.

M. Thiebaud expressed surprise at the proceedings against him, on the ground that he belonged neither to the Royalist committee nor the Anti-Semitic league.

In consequence of an announcement that demonstrations were intended to be made at the Vendome column, 30 agents of the police were posted in the vicinity. About 3 p. m. people began to arrive with bouquets of violets. Five who threw flowers within the railing surrounding the column were promptly placed under arrest, though released soon after on giving their names and addresses to the police.

Orleans at Turin.

Turin, Feb. 27.—The Duc d'Orleans arrived here from Brussels.

Report on Rations.

Washington, Feb. 27.—The army board of inquiry has received the report of Major J. M. Arrasmith, late commissary at Camp Thomas, Ga., upon the character of the rations issued at that point. The report covers the rations supplied to 77,000 soldiers mobilized at Chickamauga park from May, 1898, to Jan., 1899. It recounted instances where beef, bacon and other supplies were spoiled by the hot weather and condemned.

The Moravian College.

Bethlehem, Pa., Feb. 27.—President McKinley has notified the Moravian college for women that it might announce the fact that as far as the present outlook was concerned he would be able to attend the exercises on the one hundred and fiftieth anniversary of the seminary to be held on June 14. President McKinley assured the college that he would be accompanied by Mrs. McKinley.

New York, Feb. 27.—Admiral Dewey has given a local newspaper the following statement of his position regarding political honors: "I would not accept a nomination for the presidency of the United States. I have no desire for any political office. I am unfitted for it either in education or training. I have been approached by politicians repeatedly, in one way or another, but I have refused absolutely to consider any proposition whatsoever. This is final."

QUAY'S TRIAL.

Case For Conspiracy Will Probably Be Called at Once.

Philadelphia, Feb. 27.—There is every indication that United States Senator Quay and his son, Richard R. Quay, will be placed upon trial in the criminal court soon to answer the charges of conspiracy and the unlawful use of state money. Both sides are ready and are anxious to have the trial proceed without further delay. It is regarded as extremely unlikely that the long exciting deadlock at Harrisburg will be broken in the meantime, and it is conceded that the outcome of the trial will directly influence the question of the senatorial concession.

A Promoter In Trouble.

New York, Feb. 27.—William Wayne Belvin was arrested in the Waldorf-Astoria, charged with threatening the life of the Denver millionaire, David H. Moffatt, and also with trying to defraud the hotel out of a bill for \$143. He was held in \$500 bail in a police court. He was returned to prison in default of bail. Belvin is a well known figure about the Broadway hotels. He is always well dressed and describes himself as a promoter. He asserts that Millionaire Moffatt owes him \$400,000 and it was because of Moffatt's refusal to pay him this sum that Belvin threatened to kill him on sight.

Tip Horn Demonstration.

Manilla, Feb. 27.—During the night the rebels concentrated in such numbers near the Chinese cemetery that General MacArthur anticipated an attack and asked for reinforcements. Two companies of the Twenty-third regulars were sent to Calococan and a battalion of the Twentieth regulars to the cemetery about midnight. But the expected attack was not made, the rebels, after making a great noise with bugle calls and yells of "Vive Independencia," and "Mucho malo Americanos," and firing volleys, disappeared in the woods.

Troops to Be Withdrawn.

Santiago, Cuba, Feb. 27.—The United States transport Minnewaska will leave on Tuesday, having on board the Twenty-third Kansas volunteers. The Roumania will probably leave on Thursday with the Eighth Illinois regiment. These troops, like the Ninth immunes, have of late had no special duty to perform. The Third immunes now at Guantanamo, are under orders to be mustered out and will withdraw about March 15, leaving only three white volunteer regiments and one regiment of regulars available for duty in the province.

Ended in a Shooting Affair.

Ashland, Ky., Feb. 27.—R. S. Carr, late captain of company L, First Kentucky regiment, was shot through the left arm at the elbow by Harry Price, a young lawyer of Catlettsburg, who was a private in Carr's company. The two met in Gray & Stewart's saloon and the lie was passed, and it is said Price drew his pistol and fired. Captain Carr took the pistol from Price and fired one shot as Price retreated up an alley. The trouble originated while they were in the army and was expected to wind up in a shooting affair.

Combine of Light Companies.

Pittsburg, Feb. 27.—The consummation of the big \$25,000,000 combine to be known as the New York Gas Light, Heat and Power company, has been made possible by the decision of the directors of the Standard Underground Cable company, to surrender to the combine \$146,000 worth of bonds of the United Electric Light and Power company of New York, held by it as collateral.

Bereford Dined.

New York, Feb. 27.—Rear Admiral Charles Bereford spent the day in responding to social calls upon him. He began with a breakfast given by Commodore Philip, commandant at the navy yard. He was at luncheon with Mr. and Mrs. Whitelaw Reid, where ex-Mayor Hewitt, was also a guest. Mr. and Mrs. Hewitt will give a farewell dinner to Lord Charles Tuesday.

Saloons Closed.

Omaha, Feb. 27.—For the first Sunday in the city's history the saloons were hermetically sealed. This is the result of a clash between certain factions prominent in city affairs, one of which has made a wholesale onslaught on the gambling fraternity, and the other in retaliation has invoked the power of the police force to close the saloons on Sunday.

A Serious Situation.

Madrid, Feb. 27.—An official dispatch from Manilla says: "The situation here is very serious. The foreign warships are disembarking troops. General Rios will leave Manilla and go to Zamboanga, island of Mindanao."

List of Casualties Increasing.

Washington, Feb. 27.—Major General Otis has reported to the war department the additional casualties to troops under his command at Manilla, showing that nine men were killed or wounded in trenches near Calococan.

HANGING BY A THREAD

Rudyard Kipling's Life May Be Quickly Snapped.

THE PATIENT IS DELIRIOUS.

Oxygen, Which Is Administered Only In Extreme Cases, Has Been Given to the Sick Man by His Physicians.

New York, Feb. 27.—Mr. Kipling's condition is serious. Dr. Janeway arrived at the Hotel Grenoble at 3:30 p. m. and as he was not expected until later in the afternoon, it looked as if there had been a sudden change for the worse and that the physician had been called. He remained in the hotel until 4:15 and then left, returning in half an hour.

Almost at the same time an oxygen tank was brought to the hotel and taken up to the Kipling apartments. That the oxygen was to be administered was admitted by Dr. Janeway. This is heroic treatment and is resorted to only in extreme cases. Both Dr. Janeway and Dr. Dunham were with Mr. Kipling alternately through the night.

Dr. Dunham came from the sick chamber soon after 11 a. m. His wife is a sister of Mrs. Kipling.

"Is Mr. Kipling suffering from pneumonia?" Dr. Dunham was asked. "We will call it inflammation of the lungs," he replied.

"If he gets through the day will he be safe?"

"If he gets through the day he will be much nearer to safety," said Dr. Dunham.

Mr. Kipling is extremely weak. At times he recognizes those around him. Those at the bedside are Dr. Dunham, Mrs. Kipling, her mother, Mrs. Balesier, Mr. Doubleday, the children and two nurses.

An order has been issued from the hotel office that no letters or notes shall be sent to the room unless they are of the utmost importance, and then only when the names of the senders are known. There is a constant stream of visitors at the Grenoble, asking for information about the author. One clerk is kept busy receiving cards. Some of the callers were admitted to the sick chamber. Among these favored few were: W. D. Howells, Nikola Tesla, S. S. McClure and Charles Battell Loomis. The following bulletin was issued at 7 p. m.:

"Mr. Kipling's condition has been very serious during this, the sixth day of the disease, giving rise to the gravest apprehension for the outcome."

At that hour the physicians were making almost a constant use of oxygen. Their demeanor indicated a most critical stage of the disease. Mr. Kipling was delirious when the bulletin was issued.

Old Glory Raised.

Manilla, Feb. 27.—According to the advices brought by the steamer Neustra Senora Del Carmen, whose arrival brought the news that the American flag had been raised over the island of Cebu, the United States gunboat Petrel, Commander C. Cornwell, visited Cebu on Feb. 22. Commander Cornwell sent an ultimatum ashore, declaring the intention of the Americans to take possession, peaceably if possible, by force if necessary. The rebels immediately vacated, taking their guns to the hills. A party of marines and blue jackets was landed and the American flag was raised by them over the government building, which they still occupied, when the Neustra Senora Del Carmen left.

At Sea in an Open Boat.

London, Feb. 27.—The German bark Johann Friedrich, from London for Philadelphia, eight of whose crew as before reported were picked up on February 12, 150 miles east of the Azores by the British steamer Kasbok, is stated to have foundered on Feb. 10. The remainder of the crew, consisting of 18 men, including the captain, escaped from the sinking vessel in another boat, which was sought for by the Kasbok, but could not be found.

Had a Rough Voyage.

San Francisco, Feb. 27.—The transport steamer Zealandia has arrived from Manilla, after a rough trip, during which she encountered a typhoon of 48 hours duration, which damaged the ship to considerable extent, injured several men and nearly foundered the vessel. She brings 56 soldiers, who were sent home sick, 58 discharged or under orders and six prisoners and a guard of 10. Three men died on the voyage.

Washington, Feb. 27.—Governor Roosevelt, of New York, is in the city, the guest of Senator Lodge. He paid his respects to the president. He says he has not been asked to appear before the court of inquiry investigating General Miles' beef charges.

INDICATIONS.—Fair to night and Tuesday; colder.

It's a wonder to many where some men get the impression that they can fill any office that happens to be vacant.

That Philippine question is getting to be "hot potatoes" for President McKinley and his expansionist advisers. They no doubt would like to drop it right now.

The announcement of R. H. Conway, of Cynthiana, as a Republican candidate for Railroad Commissioner means rough sledding for his fellow-Republican, Col. James S. Huff.

The enemies of the Louisville Dispatch have taken a new turn in their effort to ruin that paper. Four Mt. Sterling parties holding less than \$75 of the stock, have filed suit asking for a receiver. It would be interesting to know just who is behind these men. The Dispatch should at once take up their stock and kick em out of court.

The hens have caught the prevailing craze, and so many egg factories have lately quite business that "hen fruit" is almost as scarce now as "hen teeth." At Cleveland Friday, the retail price of eggs reached 60 cents per dozen. Many grocers are unable to obtain even a small supply. Would-be purchasers are unable to get their orders filled. At some restaurants eggs were erased from the bill of fare.

MISMANAGEMENT of municipal matters at Portsmouth has gotten that city into the middle of a bad fix. Her debt is in excess of \$300,000, and the city tax rate has been \$3 on the hundred "so long that the people have quit complaining," says the Blade. The discovery that the rate will have to be increased has aroused the people, however, and now the city's affairs are to be turned over to a non-partisan board. The city had reached that point where economy and retrenchment were absolutely necessary. Maysville's tax rate is only \$1.25 a hundred, and that's high enough in these days of Republican trusts and "good times."

The tobacco combine has probably deprived ten thousand persons of the means of making a living and now in place of flourishing works in different parts of the States one or two big factories do the work and the concern is managed by one person in a distant place who simply presses a button to dictate all the operations, even to making a price for the goods. If any one happens to be in the way of this gigantic monster he is swept away as by a hurricane and his name and business leaves no more impression on the community than letters written in sand on the sea shore.—Covington Commonwealth.

A drummer for one of the big, hitherto independent factories while in Maysville Friday received a telegram from his house calling him in off the road. The factory had been gobbled up by the combine. He was the gloomiest person in town after receiving the dispatch, because he realized that it probably meant the loss of his job. And so the thing goes. Avarice and greed now fill the hearts of the men composing the big corporations and trusts, and all else must be sacrificed, to enrich them. The few are to be enriched, and the masses made poorer.

For the Farmer.

Mr. Thomas Allison sold about 13,000 pounds of tobacco to Durrett & Co. at 7c. round, in winter order.

The combined wet weather is retarding farm work very materially. We understand there hasn't been a tobacco bed sown in the county.

Mr. John B. Holton has about 120 lambs. He was more fortunate than some of his neighbors in saving his from the ravages of the cold.

Mason County farmers are almost unanimous in the statement that the early sown wheat is looking fine. The snow the past month was a splendid protection during the severe cold spells.

Germany takes from this country nearly \$1,000,000 worth of corn annually nearly the whole of which is used as food for cattle and hogs. Their agricultural education and economical habits enable them, says an exchange, to pay freight and charges on the corn we raise, and feed it at a profit at home.

Choice, ripe beef cattle are reported scarce in every market, while there is a surplus of the half-fat kind. Cattle ripe for the butcher commands the highest price of the season, while the tendency is downward for the half-ripe kind. The moral in this is evident to every man who studies the wants of the market. Send your product—whether fruit, grain or live stock—to market when it is in the condition that trade demands.

THAT AGREEMENT

As to the Purchase of Certain of the Turnpikes.

Dr. John A. Reed Replies to "Taxpayer's" Inquiry For Information on the Question.

Editor Bulletin: Taxpayer in your issue of February 22nd propounds the following question to several gentlemen: "What agreement was made prior to the order of election as to the free turnpike law and the issuing of bonds between the free turnpike advocates and pike owners in regard to the prices of roads?"

There was a mutual understanding, brought about in the following manner: Mr. L. W. Robertson asked me to bring some friends who held similar views to myself on the road question and confer with a committee of Magistrates and representatives of the turnpike companies to see if we could not agree upon a compromise measure we all could support, and settle the road controversy, and I accepted the invitation when I was assured it would be agreeable and desired by all parties. We met at the appointed hour and place and the results of that conference was an agreed price of sixty thousand dollars for all the roads, the terms of which were embodied in the order of election, which we all pledged ourselves to support. We understood it was not a legal contract as the county was in no condition to be bound, hence it was not reduced to writing, but we had assurances it would be carried out, and for this reason supported and voted for the measure. There were present at that conference, Judge C. D. Newell, Squires Williams, Ryan, Rice, Thompson and Perrine, and Messrs. L. W. Robertson, A. M. J. Cochran, ex-Senator E. L. Worthington, L. W. Galbreath and myself. Col. W. W. Baldwin and Mr. B. F. Clift were present a part of the time, and the former at the close of the conference. Respectfully,
JOHN A. REED.

In accordance with said understanding the Fiscal Court adopted the following:

STATE OF KENTUCKY,
MASON FISCAL COURT,
April Term, August 9, 1898.

Whereas, it is the sense of the Fiscal Court of Mason County that \$60,000 in 4 per cent. bonds should be issued by said county with which (the proceeds thereof) to purchase and make part of the free turnpike system of the said county the following named turnpike roads, that is so much of said roads as may be situated in Mason County, viz: Maysville and Lexington, Maysville and Mt. Sterling, Mason and Bracken, Helena, Dover and Minerva, and Mayslick and Helena roads. No part of said bonds to be issued, unless the Maysville and Lexington, Maysville and Mt. Sterling, and Mason and Bracken roads can be simultaneously purchased wholly from the proceeds of said bond issue, after deducting therefrom the several amounts agreed by this court to be paid for the three other above named roads, viz: The Helena, the Dover and Minerva, and the Mayslick and Helena; the whole amount to be paid for the aforesaid six roads not to exceed (\$60,000) sixty thousand dollars. Be it therefore ordered by this court that an election be called and held in Mason County on the day of the next regular election to-wit: November 5th, 1898, and that a poll be opened in each of the respective voting precincts in said county for the purpose aforesaid; the proposition to be submitted to the voters in the form of the question to be printed on the ballots to be used at said election, to-wit: "Are you in favor of issuing bonds for the purchase and maintenance of the turnpike roads of this county, free of toll to the traveling public?"

Scheme Didn't Work at Dove.

Dover Messenger: "A tramp calling himself John Chambers, of Lewis County, struck Dover Tuesday, on his tour around the world, and announces that he is engaged in the pleasant task of collecting one penny from each person on earth. He says it will take him a long time to see everybody and that he has so far got 38 cents. He was domiciled in Dover's jail for 'one night only' and the next morning he pulled his freight toward the woolly west."

Death of Mr. S. M. Hudson.

Mr. S. M. Hudson, a well-known citizen of Aberdeen, died at his home this morning at 2:30 o'clock after a lingering illness. His wife survives, and he leaves one son, Arthur, and one daughter, Miss Anna.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying Electric Bitters, and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50c. a bottle at J. J. Wood & Son's drug store.

MURPHY, the jeweler.

MRS. FRANCES KING died Saturday afternoon at 2:30 o'clock at the home of her sister, Mrs. Albert Britton, on the Lexington pike, of consumption, aged thirty years. She had been ill a year or so. Three children survive her. Rev. F. W. Harrop conducted the funeral services this morning at 10 o'clock, after which the remains were interred at Washington.

JAMES HENRY, JR., formerly of this city, a member of the Second U. S. Regulars, is at home at Ripley on a furlough. Jim has seen a pretty tough time of it. He was in the fight at Santiago, and returned to the United States with a severe case of yellow fever. He lay in a hospital in the East for several months but finally came out all right. He is still in poor health, however.

R. S. CARR, late Captain of Company L, First Kentucky regiment, was shot through the left arm at Ashland Saturday evening by Harry Price, a young lawyer of Catlettsburg, who was a private in Carr's company. The two met in a saloon, the lie was passed and Price drew his pistol and fired. Captain Carr then took the pistol from Price and fired one shot as Price retreated up an alley. The trouble originated while they were in the army.

A MEETING of the State Central Committee of the Democratic party of Kentucky, and of the Executive Committee also will be held March 8th in Lexington. Both are called together by Major P. P. Johnson, Chairman. The State Central Committee will select a committeeman from the State at large to succeed Senator Wm. Goebel, who resigned from the committee when he announced his candidacy for the nomination for Governor. The Executive Committee will fix the time and place for the State convention.

New Spring Gingham and Percales.

We are showing a great line of new Gingham and Percales at the most popular prices. They come in small and large checks, dainty and wide stripes, all sorts of beautiful and appropriate patterns for shirt waists and children's dresses. Prices, too, are interesting. The regular 8½c. Gingham we have priced at 6½c., the 12½c. kind at 9½c. Percales sold elsewhere at 12½c. are marked here 8½c. And you'll find here the regular 15c. Percales at 12½c. a yard.

Over 175 Rolls of New Mattings.

These reached us recently from the largest importers in the country. They include the very latest and choicest designs, and are the finest Chinese and Japanese productions. We warrant you, quality considered, our prices are from 30 to 40 per cent. below others. From the 12½c. to the 45c. grade, every roll presents extraordinary value. Come and look, even if you don't want to buy.

Half Prices on Handkerchiefs.

We've taken the Handkerchiefs from our show window display—some fifty odd dozen—and marked them at about one-half their usual price. The 7c., 10c. and 15c. kinds have been marked 3c., 5c. and 7c. respectively. Come soon or you'll miss this chance.

TWO IMPORTANT DECISIONS.

Court of Appeals Holds That the Livery Stable and Vehicle License is Constitutional—Changing Salaries.

The Court of Appeals Saturday decided a license tax question of much importance.

The Lexington Council passed an ordinance fixing the annual license of livery stables at \$10, and, in addition, requiring each proprietor to pay for a hack or two-horse vehicle, used for hire in said stables, \$10 per year and \$5 per year for buggies and one horse vehicles, and further requiring that a license tag, costing 25 cents, shall be used to mark each licensed vehicle.

The stable owners claimed this was charging a double or triple license, and was unconstitutional, but the Court of Appeals, in an opinion by Judge Paynter, says in effect that all the fees paid are simply one license, the amount of which is to be ascertained by multiplying the number of two-horse vehicles by ten and the one-horse vehicles by five, and thus prevents the smaller livery stables from paying as much license tax as one owning double its number of vehicles.

In another case from Lexington the Court decided that as a policeman has no fixed term of office, and can be removed or appointed at any time, an ordinance changing his salary while he is in office is valid and not contrary to Section 161 of the Constitution. The policemen waited a year after their salaries had been reduced, and then sued the city to recover the difference between the old and new salaries for a year, and the Court of Appeals decides they can not maintain such an action.

The Modern Way

Commends itself to the well-informed, to do pleasantly and effectually what was formerly done in the crudest manner and disagreeably as well. To cleanse the system and break up colds, headaches and fevers without unpleasant after effects, use the delightful liquid laxative remedy, Syrup of Figs. Made by California Fig Syrup Company.

Mr. THOMAS T. FORMAN, son of Rev. E. Forman, was chairman of the citizen's meeting held at Lexington recently to take action against the lawlessness and ruffianism that has disgraced that city. He is a brother also of B. R. Forman, of New Orleans, who took so conspicuous a part in ridding that city of the Louisiana lottery.

Of course there will always be more or less doubt and apprehension as to any promises made by those who failed "to toe the mark" after giving their word in the matter of speaking against whisky in the late contest, still Taylor Bros. of Washington will always make good what they say about giving twenty pounds granulated sugar for \$1 and twelve packages best coffee for \$1.

THE Court of Appeals has overruled the petition for a rehearing in the case of Chambers' against Higgins' executor.

A PROTRACTED meeting is in progress at the Third Street M. E. Church. Services each evening at 7 o'clock. The public cordially invited.

HOWARD HUGHES, Simon Hornback, Harley Emmons and Victor Emmons, of Springdale, went to Cincinnati to-day to enlist in the regular army.

THE romantic melo-drama, "Fabio Romani," will be rendered at the new opera house to-night by Aiden Benedict and his company. Fine scenic effects.

REV. GARRETT W. THOMPSON is getting along nicely at Johnson City, Tenn., where he is pastor of the Christian Church. He goes to Irwin, Tenn., this week to hold a protracted meeting.

It is reported that the Postmasters of the United States will be required by the department to wear a uniform hereafter, consisting of light blue trousers with red braid down the legs, a white blouse with gold shoulder straps and a skull cap with a silver star in front.

MORE than 775,000 persons, old and young, are enrolled in the 7,700 Sunday schools in the State of Ohio. More than 6,000 of these schools continue in session twelve months in the year, and from them, during the year 1898, there came into full membership in the Protestant churches more than 6,200 persons.

UNDER head of "A Home for the Old and Disabled Preachers," Rev. Julius E. Wright, formerly pastor of the M. E. Church, South, makes an earnest appeal. He says: "Let some brother donate a building, or the Board of Education turn the college building at Millersburg over to a Board of Managers, who shall be legally empowered to remodel and put the building in order, and formally institute a Kentucky Conference Home. Let a fund be started at once. Many of our Methodists are able to contribute for this benevolent institution. Would it not be well for the Preacher's Aid Society or The Immediate Relief Fund Society, to take some steps at once looking towards such a home?"

BIG CHINESE COLLEGE.

A Relative of Dr. Martin, of Danville, in Charge of It.

[C. B. H. Martin in Danville Advocate.] The following extract from a letter just received, gives authentic information about the new educational movement in China. As it will interest many of your readers, I take pleasure in furnishing it:

As to my work here, everything looks promising. We opened on the 31st ult., with 380 students, most of high grade in Chinese scholarship. The anti-foreign reaction is losing force. The high officials nearly all favor educational reform, at least in words.

Yesterday the High Commissioner, one of the six Chief Grandees, came to wish me a happy new year, and, by way of making me happier, informed me that a pretty house in a large garden had just been finished for me. My Chinese friends do everything to make my sojourn agreeable.

A New Drink.

[Enquirer.]

"I am doing more for the temperance cause than any other man in Cincinnati," remarked Mr. Walter H. Maxwell, of the Palace Hotel, last night, "for the reason that I keep malted milk always on hand for my patrons, and a man who drinks that will never want liquor. My refreshment men have a standing order to furnish malted milk only to individuals when they get more than their quota of liquor."

Volcanic Eruptions

Are grand, but skin eruptions rob life of joy. Bucklen's Arnica Salve cures them. Also old running and fever sores, ulcers, boils, felons, corns, warts, cuts, bruises, burns, scalds, chapped hands, chilblains, best pile cure on earth. Drives out pains and aches. Only 25c. a box. Cure guaranteed. Sold by J. J. Wood & Son, druggists.

THE DISSOLUTION SALE

Still continues. The question that has been asked us so often in the past few days is, "Are you really going out of business, or are you just doing like so many others—trying to reduce your stock at this the dullest season of the year?" Those who have been in and learned the prices that we are making on our fine goods have no doubts. You who have been in, and who do not avail yourselves of the benefits of this, the greatest sacrifice sale ever made in this city, will be the losers.

We state most positively that Lee & Ballenger are going out of business, and are selling their entire stock of Men's, Boys' and Children's Tailor-made Clothing and Men's Furnishings of every kind, Hats and Caps

Our line of FINE STIFF HATS we believe to be one of the best stocks in the State. All of these goods will be offered and sold at less than half their real value. This sale will continue until the whole stock is sold out and the business of the firm settled up. It will pay you to see these goods for present or future use. You will surely never again get them so cheap. If we were going to continue in business we would not think of selling these goods at the prices they are going for.

WE ASK YOU TO COME IN AND SEE THE DIFFERENCE BETWEEN A GENUINE CLOSING-OUT-TO-QUIT-BUSINESS SALE AND THE FAKES SO FREQUENTLY ADVERTISED!

In twenty years in business in this city we have never advertised anything that we did not do. We stand upon our record. This sale is the real thing—closing out dissolution to retire from business at prices never before equaled and perhaps never will be again. You can't afford to miss it. Respectfully,

LEE & BALLENGER

Can't Grow Rich by Borrowing.
[Mason, Tex., News.]

The treasury of the U. S. is overflowing with borrowed money. Cleveland borrowed \$262,000,000; McKinley borrowed \$200,000,000;—\$462,000,000 borrowed within six years. The Republican press point to the large treasury balance as an evidence of prosperity. If a nation can borrow itself rich why cannot an individual do the same?

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at J. J. Wood & Son's drug store. Regular size 50c. and \$1. Every bottle guaranteed.
